

## Wisconsin Seal-a-Smile Program

Children's Health Alliance of Wisconsin (the Alliance) has managed \$60,000 in state budget dollars targeted to fund community school-based / school-linked sealant programs since 2000-01. The dollars are subcontracted to the Alliance through Department of Health and Family Services (DHFS) Division of Public Health (DPH). Each year \$56, 000 of the total is awarded to communities through a Request for Proposal (RFP) process. The Alliance receives \$4000 to administer the program.

In past years, awards have ranged from approximately \$1000 to \$10,000 depending on the needs of the community and determined by a review committee. The number of community programs funded each year has ranged from twelve to seventeen with requests for dollars surpassing the dollars available. In all cases, the amount of leveraged dollars to implement the programs far exceeds the dollars expended by state budget dollars.

Wisconsin Seal-a-Smile (SAS) Program Results			
	2000-01 17 Programs	2001-02 16 Programs	2002-03 16 Programs
Number of children screened	2077	3919	4,367
Number of children who received sealants	1560	2918	2,670
Number of teeth sealed	5626	10,701	10,697

### 2003-04 CDC Data Collection Reporting:

#### GENERAL DEMOGRAPHICS

Number of programs	14
Number of events held	102
% Male participants	50.9%
% Reporting sex	100.0%
% Medicaid patients	24.3%
% SCHIP patients	5.8%
% On neither	69.9%
% Reporting Medicaid/SCHIP status	78.5%

## 2003-04 Summary of Effectiveness in Targeting High-Risk Populations that Lack Access to Care

	<u>Value</u>	
1. Percentage of participants with untreated decay	34.3%	
2. Percentage of participants with urgent dental needs	6.6%	
3. Percentage of participants with early dental needs	27.5%	
4. Percentage of participants with treated or untreated decay	60.3%	
5. Percentage of participants with sealants present	47.6%	
 <b>Percentage of Children In and Number of Events</b>		
	<u>% children</u>	<u># events</u>
6. Targeting schools with <20% of children on free or reduced lunch program (High income population)	19.0%	24
7. Targeting schools with >=20% & <40% of children in free or reduced lunch program (High income population)	22.5%	18
8. Targeting schools with >=40% & <50% of children in free or reduced lunch program (Middle income population)	19.9%	19
9. Targeting schools with >=50% of children on free or reduced lunch program (Low income population)	25.1%	24

## 2003-04 Summary of Services Delivered

1. Number of children screened	4255
2. Number of children with special health care needs	85
3. Number of children sealed	2898
4. Number of sealants placed	12,344
5. Percentage of screened children subsequently sealed	68.7%
6. Average number of teeth sealed per child sealed	4.3
7. Number of children receiving fluoride varnish	178
8. Number of children receiving other fluoride treatments	1281
9. Number of children referred for dental care	1049
10. Number of children receiving oral health education	7923

## 2003-04 Efficiency of Input Usage Summary

1. Total cost	
Total Outlay	\$211,072.69
Seal-a-Smile Dollars	\$59,456.06
2. Cost per tooth sealed	
Total Outlay	\$17.10
Seal-a-Smile Dollars	\$4.82

**2004-05 Seal-a-Smile Community Programs:**

Program Name	Year	Award Amount
<b>DHFS Northern Region</b>		
Portage and Wood County	4	\$6,098.00
Price County	5	\$10,098.00
<b>TOTAL</b>		<b>\$16,196.00</b>
<b>DHFS Western Region</b>		
Eau Claire City/County Health Department	4	\$6,900.00
